

We understand that there is a growing concern about the COVID-19 virus and the potential impact on programs and families. We share your concern and have taken measures to prevent the spread of this illness. While Hamilton Public Health Department has stressed that “risk to the general public remains low” we are focused on preventative measures and have taken the following preventative steps:

- All touch surfaces are being deep cleaned overnight, morning, afternoon, and evening.
- We have installed paper towel dispensers in the washrooms and hand sanitizer stations in the reception areas (and are awaiting supplies). Correct hand washing instructions have been posted in the washrooms.
- All coaches & referees are required to wash/sanitize their hands before and after classes & leagues.
- We have adopted a “no hand-shake” policy on the field.
- All bouncers, bats, helmets & Virtual Reality equipment is being disinfected after every use.
- We have asked any coaches and staff not feeling well to stay at home and to get tested.

To help us, we ask our participants to take the following steps:

- If you have recently traveled to any high-risk coronavirus area, do not come to the facility.
- If you are feeling unwell or have fever, cough, and shortness of breath, we ask that you self-isolate and stay home.
- Reduce the number of spectators you bring to watch your games.
- Wash hands frequently and cover your nose and mouth (into a tissue or your elbow) when coughing.
- Support our “no hand-shake” policy.
- Refrain from spitting on the turf.
- Don’t linger after your games.

We hope to continue to provide a safe and clean facility to allow you to be active and promote a healthy lifestyle.
